THE OVER40 KETO SOLUTION

THE 7-DAY KETO CARB-CYCLING BLUEPRINT

THE OVER40 KETO SOLUTION

The Over-40 Keto Solution

Welcome to *The Over-40 Keto Solution* lifestyle and congratulations on making the most important investment you could ever make... in your health.

There's no need to bore you with scientific jargon so we'll jump right in and cover exactly how this 7-day plan works.

It all starts with 3 fat-burning rules you need to follow. I call them rules but they're really more like guidelines.

If you're in your 40s, 50s or 60s and you've failed in the past with any of today's most popular low-carb diets (whether it be keto, paleo, plant-based, Mediterranean, raw food, Weight Watchers, or any others)...

It's because one of these 3 rules weren't in place. Here's an overview of each rule.

Over-40 Fat-Burning Rule #1: You must increase ketone production.

By strategically eating HIGH-fat keto foods on certain days (and at specific times) you increase your body's ketone production...

This automatically ramps up fat-burning in the belly region and reduces inflammation to protect your body from deadly diseases. Review by LakeportChamber.com

Lower inflammation also helps eliminate belly bloat and water retention.

There are two simple strategies inside this blueprint you'll use to boost ketone production.
