## About the Creators

Ric and Liz Thompson, the masterminds behind the Power Quadrant System, are no strangers to the struggle of finding purpose. As the founders of Healthy Wealthy and Wise Magazine, they've dedicated their lives to personal growth and empowerment. Like many, they once felt out of place, with careers and routines that didn't resonate with their true selves. After years of trial and error—and a pivotal moment when Liz declared, "I can't do this anymore"—the duo embarked on a decade long journey of research and experimentation. Their perseverance culminated in the creation of the Power Quadrant System, a tool designed to guide others toward self discovery and fulfillment.

# How Does It Work?
