

## **The Innovation in Decking Subframes**

[www.cevisco.com.au](http://www.cevisco.com.au)

Step into elegance with decking that continues with the art of outdoor living. Cevisco-Frame, Cevisco's cutting-edge outdoor deck flooring subframe, is a game-changer for enthusiasts of composite decking. Crafted from galvanised steel renowned for its rot resistance, the Cevisco-Frame is one of today's most durable and user-friendly options.

### **Durable and User-Friendly Design**

- Galvanised steel construction for superior rot resistance
- Modular system for easy customisation and installation
- Compatible with a wide range of composite decking materials

### **Tailor Your Composite Deck to Perfection**

With its unique modular system, Cevisco-Frame empowers you to customise the layout of your composite deck, fulfilling your specific needs and desires. Seamlessly align your Cevisco-Frame with your property or choose it as a separate, stand-alone structure to complement your garden.

- Adaptable to various deck sizes and shapes
- Integrate with existing structures or create a standalone feature
- Personalise your outdoor space to reflect your style

## **Enhanced Features for Maximum Performance**

Equipped with pre-fitted eco-friendly strips, Cevisco-Frame takes your decking experience to the next level. These strips serve a multifunctional purpose by reducing noise, absorbing impact, and providing optimal stability.

- Eco-friendly strips for noise reduction and impact absorption
- Improved stability for a safer and more enjoyable decking experience
- Low-maintenance design for hassle-free upkeep
