• ABOUT MARKET STATSVILLE GROUP (MSG) •

Market Statsville Group (MSG) partners with companies and society to confront their essential risks and challenges to capture the enormous opportunities for them. MSG was initiated its working in 2017, and since then, the brand is moving to become a pioneer in business advisory and market research services.

Market Statsville is the leading market research and strategy builder with the depth and breadth of solutions that perfectly suit your every need. MSG provides solutions in a wide range of industry verticals in the form of market sizing, analysis, and incisive business insights. MSG experienced research analysts are proficient at digging deep and providing a variety of customizable data that help you make decisions with clarity, confidence, and impact.

Market Statsville is your global data intelligence partner for reliable market research data, data gathering, and analytical services. MSG also has an extensive network of top-flight domestic and global research personals around the world, enabling us to provide high-quality worldwide research solutions that cater to a well-established company, government organizations, or a startup. MSG's clients have the authority to work directly with one or more of our researchers to gather the most useful data knowledge and analytical plan to formulate it in the actual practice.

Market Statsville Group believes that to succeed, companies or individuals must blend digital and human capabilities most efficiently. MSG diverse and experienced global team of business consultants and market researchers will ensure the valuable reports for our clients through digging in-depth market information and functional expertise to continuously spark the changes and real-time valuation of variation in the market/industry. The research process begins with a holistic secondary research, followed by expert interviews. The information gathered is then comprehensively analyzed by our highly experienced in-house research panel

Automotive Sensor Market 2022 Industry Size, Emerging Trends, Regions, Growth Insights, Opportunities, and Forecast By 2033

Automotive sensor Market by Sensors Type (Temperature Sensors, Pressure Sensors), by Technology (MEMS, NEMS), by Application (Powertrain, Chassis, Body Electronics), by Vehicle Type (Conventional, Electric), and by Region - Global Forecast to 2027

A newly published report by Market Statsville Group (MSG), titled [Global Automotive Sensor Market](#) provides an exhaustive analysis of significant industry insights and historical and projected global market figures. MSG expects the global Automotive Sensor market will showcase an impressive CAGR from 2024 to 2033. The comprehensive Automotive Sensor market research study highlights market dynamics, value chain analysis, regulatory framework, growing investment hotspots, competitive landscape, geographical landscape, and extensive market segments.

Automotive Sensor Market Segments Covered in this report are:

By Sensors Type

- Temperature Sensors
- Pressure Sensors
- Position Sensor
- Speed Sensor
- Level Sensor
- Inertial Sensor
- Gas Sensor
- Proximity Sensor
- Flow Sensor
- Knock Sensor
- Force Sensor
- Torque Sensor

By Technology

- MEMS

•NEMS

By Application

- Powertrain
- Chassis
- Body Electronics
- Safety and Control
- Exhaust System

By Vehicle Type

- Conventional Vehicles
- Electric Vehicles

The key companies covered in the market report are:

The key players in the global automotive sensor market are [Robert Bosch GmbH](#), [Continental AG](#), [Denso Corporation](#), Melexis, Allegro Microsystems, Sensata Technologies, Delphi Technologies, and CTS Corporation others. These companies adopt different strategies such as product launches, business expansions, mergers/collaborations/partnerships, and product developments to enhance their market share and widen their regional foothold. These market players are adopting growth strategies to strengthen their position in the market. Product launches and partnerships are the key growth strategies adopted by different key players in the market.
